IAFE (INTERNATIONAL ASSOCIATION OF FAIRS & EXPOSITIONS) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the

owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. CODE OF ETHICS

Believing it is in the best interest of all junior exhibitors to maintain a reputation of integrity and to present a wholesome and progressive image, the Missouri State Fair sets forth the following regulation: 4-H and FFA members are expected to conduct themselves according to the best traditions of their respective organizations. Inappropriate conduct (drinking, stealing, vandalism, and indiscreet behavior) WILL NOT BE TOLERATED. Any violation of this rule will be grounds for disqualifying the exhibitor and/or livestock involved. Further, any premium monies earned will be forfeited.

COMPLIANCE REGULATION

Exhibitors who refuse to parade their animal(s) when asked to do so by the Superintendent in charge, or who otherwise disobeys rules laid down in the premium guide, will thereby forfeit their rights to exhibit and any premium they may already have won. All livestock exhibits will be exhibited at the sole risk of the exhibitor.

EXHIBIT RELEASE

All livestock and machinery exhibitors must present at the **exit gate a release form signed by the department superintendent** before any part of an exhibit may be removed from the Fairgrounds. All exhibits will be released at the time given in each department designated by the Fair Director.

In the event that an animal perishes on the Missouri State Fairgrounds, it becomes the property of the Missouri State Fair. The Superintendent of the department or the appropriate Fair staff member will secure the carcass and hold it until it is released by the Livestock Superintendent for postmortem inquiry at the direction of the State Veterinarian.

STALLS, PENS, FEED, BEDDING

1. Stalls will be assigned by that department's superintendent.
2. No stalls or pens will be reserved unless entries are accompanied by proper fees.

As part of the 2022 pilot bedding project, beef cattle exhibitors will be provided Premium Missouri Mulch bedding for \$10 per head to be paid along with entries. No other bedding will be allowed for beef cattle including sawdust, pellets, etc. Dairy cattle exhibitors may continue adding straw to the bedding. All exhibitors should practice good environmental stewardship, keeping the bedding clean and free of glass, plastics, cans and other trash for the purposes of the Fair's recycling agreement.

4. Barns, stalls or pens may NOT be used for storage of feed, forage or bedding. **THIS RULE WILL BE STRICTLY ENFORCED.**
5. Livestock exhibitors must furnish their own water buckets and feed troughs.
6. Beef tie-out gates will be closed daily at 8:00 a.m. and opened at 7:00 p.m. Cattle may be led to tie-out areas after 7:00 p.m. and must be returned to stalls by 8:00 a.m. Any cattle remaining in the tie-out area after 8:00 a.m. will not be allowed to enter the grounds.

Competitive exhibitors may also be subject to loss of premiums or other penalties as outlined in the Fair's General Rules.

JUDGING PREMIUMS AND AWARDS

1. Where there are fewer animals or articles shown in classes than number of premiums offered, the judges may at their discretion award a prize or prizes of such grade as the animal or article deserves. Exhibitors should ascertain from the various superintendents what time the exhibits under their charge will be judged; otherwise, no complaint or protest on the grounds that judges overlooked exhibits will be considered. When there is only one (1) exhibit in a class, the exhibitor will receive half of the premium money for the placing awarded by the judge.
2. All exhibitors and their helpers are required to have original registration certificates for each animal shown. Papers must be made available upon request by department personnel. Photocopies and facsimiles are not acceptable unless otherwise stated in this premium book.
3. No animal will be awarded a prize unless promptly brought into the showing ring when the class is called. Entries in livestock departments are received with the distinct understanding that all animals must be brought to the arena for judging, exhibiting and parade purposes. Exhibitors refusing to parade their animals upon request of the superintendent in charge or disobeying other rules laid down in the premium guide will thereby forfeit their rights to exhibit and any premium money they may have already won. All livestock exhibits will be exhibited at the sole risk of the exhibitor.
4. Any attempt by an exhibitor, either personally or through an agent, to corrupt the judges or exert undue influence will subject the offender to expulsion from the grounds and he or she will thereafter be prohibited from exhibiting or other privileges.
5. If an exhibitor or employee, in an inappropriate and public manner, makes exception to the judging or ruling of the judge, awarding committee, superintendent or any official of the Missouri State Fair, said exhibitor or employee will result in disciplinary action.
6. Premium checks will be written as soon as possible after judging is completed. **All checks will be mailed to premium winners, if a vendor input form has been completed by exhibitor.** Vendor Input forms must be turned in to Missouri State Fair Business Office to ensure forms are received.
7. A ribbon on an article does not establish the fact of a first, second or third prize. In rearranging, a ribbon may have been attached in error. Premiums will be paid strictly upon the report as shown in the award book. This record will stand as official.
8. Premiums not claimed prior to December 31, 2022, will be forfeited.
9. The Missouri State Fair does not guarantee premium money, merchandise, prizes or special awards. Because the State Fair Commission is without constitutional or statutory authority to borrow money for its operation, it reserves the right to prorate premium money because of state budget restraints.

SUMMARY OF POLICIES AND PROCEDURES FOR SHOW REQUIREMENTS

1. The following policies and procedures apply to all livestock and equine shows at the Missouri State Fair, including but not limited to: Beef Cattle, Swine, Sheep, Dairy Cattle, Goats, Poultry, Rabbits, Llamas, 4-H/FFA Horse, Society Horse, Draft Horse and Draft Pony, Harness Horse Racing, Draft Mule, Jacks and Jennets, and Miniature Mules. A copy of Missouri State Fair Policies and Procedures for Show Requirements may be requested from the Fair's Entry Department or Director's Office.

A. **PURPOSE:** To explain the established policy for introducing new breeds for a qualified show and for placing established breeds on probation.

B. **REPLACES:** Tradition, oral understandings, unwritten agreements, and prior written statements.

C. **GENERAL POLICY:** To introduce a new breed of livestock to show at the Missouri State Fair the following shall apply:

The new breed shall make a written request to the Livestock Superintendent of the Missouri State Fair by November 1 of the year prior to the show in which they wish to participate. After approval from the Missouri State Fair Commission, the breed will be placed on a three-year exhibition period.

During the exhibition period, the breed must have each year, at a minimum, three (3) separate Missouri breeders/farms and thirty (30) head of livestock at the Fair. Should the minimum requirements be met for three consecutive years, the breed shall be a recognized breed of the Missouri State Fair. Should the minimum requirements not be met during the exhibition period, the breed shall, if desired, repeat the above process.

The exhibition breed shall show before a judge provided by the Missouri State Fair. Ribbons shall be presented by the Fair for first through third in each class. However, premiums and/or plaques shall not be supplied by the Missouri State Fair during the exhibition period.

After the successful completion of the exhibition period, the Missouri State Fair shall provide ribbons and plaques for the new show. In some cases, the Missouri State Fair may also provide base premiums for the new breed as outlined in Missouri State Fair Policies and Procedures. Should the new breed association choose to match or exceed the base premium offered by the Fair, the Superintendent and breed association shall set the premium rate and the number of placings to be paid to the winners and submit it to the Director of the Fair for approval.

To place an established breed of livestock on probation the following shall apply:

Any breed of livestock on the show schedule for the Missouri State Fair shall maintain a three-year rolling average of at least three (3) separate Missouri breeders/farms and thirty (30) head shown during the Fair. Should the breed fall below this average, a letter of probation shall be sent by the Director of the Fair to both the state president of the breed association and the national headquarters of the breed.

Two weeks after the conclusion of the show, the superintendent of the event shall notify the Entry Department in writing that the show shall be placed on probation. The superintendent shall submit a detailed account of the event's three-year rolling average and the name and address of the contact person(s) to receive the probation letter. The Director of the Fair shall send official notices of probation no later than October 15 of the current year.

During the first probation year the Fair shall deduct 25% of the offered premiums by the Fair. If during this probation year the breed does not show a minimum of three (3) separate Missouri breeders/farms and thirty (30) head, the breed shall be disqualified from showing at the Missouri State Fair beginning the following year. Should the breed during this probation year show at least the minimum head/breeders required, the three-year rolling average shall be computed. If that average is still below the minimum requirement, the breed shall be placed on a second year of probation with an additional 25% of the offered premiums by the Fair from the previous year deducted. At the end of the second consecutive year of probation, the breed must meet the three-year rolling average or be eliminated from being a recognized Missouri State Fair breed.

Should a breed that has been placed on the first year of probation raise its three-year rolling average to the minimum head/breeder requirement, the breed shall be reinstated to full premiums and removed from probation for the following year.

After elimination from the show schedule, the breed shall have the opportunity to re-introduce the breed through the exhibition process.

The Missouri State Fair shall provide a judge(s) for any livestock show held during the annual Missouri State Fair to ensure a neutral show ring.

The same entry fees shall be paid by all livestock exhibitors regardless of show status.
